Game Directions

**Popcorn:** This is an easy game that can be used with approximately 10 or more children. You do not need any equipment.

To play, simply have children mill around the room, you could play music if you want to but you do not have to. After a minute or so, the leader calls out a number and an object. For example, “2 rocking chair.” Then the children must form groups of two and form themselves into something that looks like a rocking chair.

Once the leader checks out all of the groups, you start again. Below are some pictures you can use to help you when you are the leader.

Change up the numbers as you wish.
